

ANDHRA CHAMBER OF COMMERCE

Awareness Programme on “What is Roof Top Solar”

22nd November 2025

10am to 2pm

Hotel Savera, Chennai

Introduction:

Andhra Chamber of commerce was established in the year 1928 with an objective to serve the Trade and Industry. The Chamber is recognised by the Government of India and the Governments of Andhra Pradesh, Telangana and Tamil Nadu as an accredited spokesman of the business community. The Chamber has its offices in Chennai, Secunderabad, Visakhapatnam, Vijayawada and Nellore. Though the Membership of the Chamber is largely from the States of Andhra Pradesh, Telangana and Tamil Nadu, the Chamber has members from all over India. The Chamber functions through 18 subcommittees, Industry/Trade Panels under the overall supervision of the Executive Committee.

The Chamber has 1300 members, majority are MSMEs and 25 trade associations affiliated to it.

About the programme:

As we are all aware, Renewable energy plays a crucial role in empowering Micro, Small, and Medium Enterprises (MSMEs) by offering a sustainable and cost effective alternative to conventional power sources. By adopting renewable energy solutions like solar rooftop panels, MSMEs can significantly reduce their electricity bills, which often constitute a major portion of operational expenses.

Solar rooftop panels are particularly beneficial for MSMEs because they utilize unused roof space to generate clean energy. These systems are modular and scalable, allowing businesses to tailor installations to their specific energy needs. With falling costs of solar technology and government incentives such as subsidies and net metering, MSMEs can achieve a quick return on investment. Moreover, using solar energy aligns businesses with global sustainability goals, boosting their reputation among eco-conscious customers and investors.

In light of the growing importance of renewable energy and its transformative potential, Andhra Chamber of Commerce is organising an Awareness Programme on “**What is Rooftop Solar**” on the 22nd November 2025 at Hotel Savera from 10 a.m. to 2 p.m. .

Coverage :

The programme will cover Basics of rooftop solar technology; Financial and environmental benefits; Government incentives and subsidies; Case studies and success stories

Target Audience:

MSME owners and managers ; Start-ups and entrepreneurs

Expected Outcome:

- ★ Increased awareness and adoption of rooftop solar systems
- ★ Empowerment of MSMEs to reduce energy costs
- ★ Promotion of green and sustainable practices
- ★ Enhanced understanding on green initiatives

Registration Fee:

Rs.295/- for ACC Members | Inclusive of GST
Rs.472/- for Non Members
