## Activities at Farm Guru

The programme has been thoughtfully designed to offer an immersive and enriching experience. It will include a guided walkthrough of the farm, during which every participant will take part in our signature “One Day Farmer” programme, providing first hand exposure to farming life.

Members will participate in interactive sessions on sustainable and organic farming practices, gain insights into social entrepreneurship in agriculture, and engage in hands-on farm activities that effectively bridge theory and practice. The visit will also feature structured discussions on food security, rural livelihoods, and responsible farming, encouraging meaningful interaction and shared learning.

To enhance the experiential aspect, participants will enjoy a traditional bullock cart ride. Farm-fresh breakfast, lunch, and refreshments will be provided.
