

The Annual Report 2025–26 of the Department of Commerce, under the Ministry of Commerce and Industry, provides a comprehensive overview of India’s trade, commerce and export promotion initiatives during the year. The report highlights key policy reforms, export performance, Foreign Trade Agreement (FTA) engagements, trade facilitation measures, digital commerce initiatives, industrial and sectoral promotion efforts, ease of doing business measures, and initiatives supporting MSMEs, startups and global value chain integration. It also covers the activities and achievements of various export promotion councils, commodity boards, special economic zones, and attached organizations functioning under the Department, while outlining India’s strategic efforts to strengthen international trade competitiveness and expand market access globally.
